Survey Methodology

These Keating – OnSight - Martin (KOM Poll) Colorado Statewide Voter Poll results are based on a sample of 500 live-interviewer telephone surveys statewide, including 70% cell-phone interviews and 30% land-line interviews, among “active” voters statewide in Colorado. The “active” voters in this survey were randomly selected from a list of registered voters who voted in November 2016, November 2017 or November 2018, or registered to vote since November 2018. The poll was conducted in the field from October 10-14, 2019. The worst case margin of error at the 95% level for the split sample of 500 is plus or minus 4.4%. Keating Research, OnSight Public Affairs and Martin Campaigns paid for and conducted this poll.
