

# Gardner *for* Congress

[REDACTED]

Dear [REDACTED]

When we think of an American success story, we think of Cory Gardner. He and his family have been working side-by-side, as farmers and tractor dealers, for five generations.

When we think of a strong voice for Colorado's conservative principles, we think of Cory Gardner. Young and smart, realistic and optimistic, Cory is the leader we need to bring some long overdue commonsense to Congress.

[REDACTED] Cory Gardner is impressive. It's not just his passion, patriotism and commitment to public service, it's his firm grasp of American history, his respect for all the things that make Colorado so great and his admiration for our Founding Fathers.

Cory Gardner is the Republican running against Fourth District Incumbent Betsy Markey and he's waging one of the most impressive grassroots campaigns we've ever seen.

With a helping hand from you, Cory's going to win and you'll be proud to call him your new Republican Congressman.

His campaign headquarters is in Fort Collins. His committee's name is "Gardner for Congress." Your contribution for \$25, \$35, \$50 or any amount in between will lift Cory to victory.

When we see the "Gardner for Congress" campaign, it's like something right out of a Norman Rockwell painting. Volunteers are going door-to-door, neighbors are phoning neighbors, enthusiastic seniors are pounding in Cory Gardner yard signs and eager high school students are walking their precincts.

It's your generous and welcome contribution of \$25, \$35, or \$50 that buys walking lists and brochures, yard signs and calling lists so please be generous and keep his momentum going strong.

People have asked us, "Cory is challenging an incumbent so doesn't that make him the underdog?" The answer is 'YES,' but Coloradans like an underdog.

(Over, Please)
